Constructive comments are always welcome...

However, this is your golden moment to tell us how we can improve and work together better:

How can we better serve and represent our members?

Dream big - what do you imagine a perfect dog park should be like?

(fund, build, manage, operate, govern, etc...)

Also, your input will greatly assist us at the, currently underway, Blue Ribbon Commission (Parks & Rec) meetings created to better partner with organizations & volunteers, like DOGPAW.
