Update on Hockinson Community Park Master Plan Process  
(located west of NE 172<sup>nd</sup> Ave. and south of NE 119<sup>th</sup> St)

In response to the concerns raised by the neighbors regarding the actual locations and significance of the wetland areas on this proposed Community Park site, Vancouver-Clark Parks & Rec. has engaged a wetland consultant to prepare a full wetland delineation of the entire property. This study should be complete by the middle of June 2005 and as such, the fourth public meeting to discuss the master plan for this park will be delayed until we have the results of this study in hand. We hope to be able to schedule the next public meeting in late June or early July 2005. Thank you for your patience.
