

Attention

Pacific Park Users

Work begins in May around your new park

Pacific Community Park is one of five projects underway as a result of the creation of a Metropolitan Park District for our community.

This May, work will begin on road improvements and associated storm water management facilities, to prepare for park development in the fall.

How the work beginning in May will affect your access to the park:

- ❑ NE 172 Ave, from NE 12 St to NE 18 St will be closed until September.
- ❑ The park entrance at 172 Ave will be closed.
- ❑ The fence along 172 Ave and part of 18 St will be removed.
- ❑ New fencing will be installed running north-south in the park, allowing for continued use during this work.
- ❑ The park entrance along NE 164 Ave and 15 St will remain.

Development of the park is scheduled to begin in early fall. When it's finished, you'll have a premiere community park to enjoy, with ball fields, play equipment, Xtreme sports park, trails and, of course, a fenced play area for your four-legged companions.

Please visit our web site at vanclarkparks-rec.org to learn more about this exciting project, or contact the park project manager, Lisa Goorjian, at 360-619-1134; or 172 Ave project manager, Linda Small at 360-397-6118, x4753.
